The ability to communicate with customers with unimpeded conversation is essential for international business. CHT Global offers customized Enterprise Long Distance Voice Services to meet your specific business needs, enabling you to conduct fast and effective communication with your customers.

## High Quality with Low Rates

CHT Global International Long Distance provides you with a cost-effective solution for interstate, intrastate, and international calling to Taiwan, China, Hong Kong, and over 200 other countries worldwide. With CHT Global's Long Distance Services, you enjoy excellent voice quality enhanced with Public Switched Telephone Network (PSTN) at competitive rates.

## International Call Back Service

CHT Global's International Call Back Service (International Roaming) allows you to place phone calls from outside the US when travelling abroad. The international toll-free access numbers are available in 30 overseas countries, including most Asian countries such as Taiwan, China, Hong Kong, Singapore, Macau, the Philippines, Japan, Korea, Thailand, and Malaysia. Use the same card to call home with the low rates of the Call Back Service, saving you large international roaming fees.

## Expense Control & Online Account Management

CHT Global offers postpaid voice service to Enterprise Customers without minimum monthly fees. The service features an online account management system that allows you to track real-time call records and manage expenses according to your needs. You can access CHT Global's Enterprise Dedicated Online Portal to create sub-accounts, transfer balance values and monitor usage history. It's simple for an administrator to manage account balances among multiple employees and departments.

## User-Friendly Operation

With convenient settings, you won't need to enter a PIN to access the service. You can also create a speed dial list for your frequently dialed phone numbers. It is that easy to make long distance phone calls.
