# Introducing Net2Mail

Originally known as hiBox in Taiwan, Net2Mail is one of the prized enterprise solutions of Chunghwa Telecom's HiNet in Taiwan. HiBox is currently the most used enterprise email tool in Taiwan today, benefiting both large corporations and small businesses alike. CHT Global has partnered with HiNet to bring the hiBox service to America and the rest of the world – introducing Net2Mail as a true cloud-based email service.
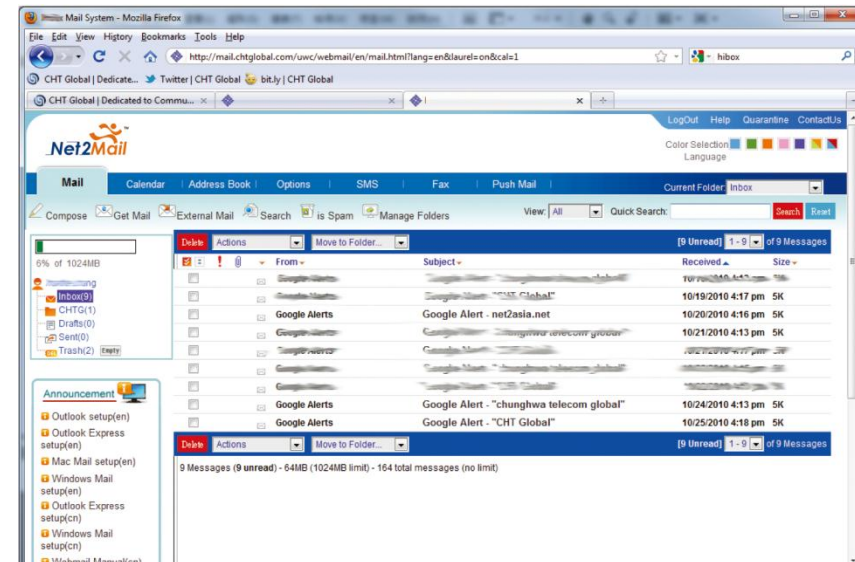

**hiBox Facts:**
1) Currently powering over 10,000 enterprise customers
2) Biggest customer boasts more than 30,000 employees
3) Built upon global network infrastructure with 99.9% availability
4) Catches over 98% of spam, with less than 1/1,000,000 false positives
